

Lemberger

Harv. Sept. 30, 2022
20.8°, pH 3.25, 6.0 g/l
Clusters avg. 0.47 lbs.

Also known as Blaufränkisch
Brittle canes – pruning and tying must
be done carefully

Perhaps better with spur pruning due
to blind buds in mid-cane areas

Sl. susc to sour rot

Range of styles produced from light
and fruity to dark and peppery

Germany, Austria, Hungary
